

County ref. #: TR-32-2022-04-23

Consultant ref. #: C22-016

**LAC LA BICHE COUNTY**  
**SHORELINE EROSION PROTECTION – LAC LA BICHE**  
**INVITATION TO TENDER**

SEALED TENDERS, marked "SHORELINE EROSION PROTECTION – LAC LA BICHE" will be received until **2:00 p.m.**, local time, **Monday, December 18, 2023**, at the Lac La Biche County Centre Reception Desk at 13422 Highway 881, Lac La Biche, Alberta. Tenders will be opened by County Administration at County Centre offices at approximately 2:15 p.m on Monday, December 18, 2023. Tenderers will be eligible to be present for the tender opening.

The work involved in this contract includes the removal of a failing sheet pile wall, and its replacement with a rip rap slope. Due to environmental restrictions, no instream work may take place between April 16 and July 15. If the lake is frozen to substrate, work may continue until thawing occurs. Basin Environmental Ltd. has prepared a Desktop Qualified Aquatic Environmental Specialist Report and Water Act Application report outlining restrictions and mitigation measures which will need to be adhered to during construction. Note that all environmental requirements are subject to amendments which will take place following contract award once the construction schedule and methodology has been finalized.

The work includes the following approximate quantities:

- Isolate and protect Lac La Biche Lake from construction activities in accordance with environmental approvals.
- Prepare and implement an ECO Plan.
- Prepare and implement an Erosion and Sediment Control Plan.
- Adhere to approved Water Act and Qualified Aquatic Environmental Specialist Reports, and any subsequent amendments.
- Construct, maintain, and reinstate required access locations for equipment and materials.
- Remove and stockpile of 650 linear meters of corrugated sheet pile wall.
- Remove and salvage 1200 square meters of existing gabion mattresses.
- Supply and place 850 square meters of Class 1M rip rap filter layer.
- Supply and place 3200 square meters of Class II rip rap at 1.0m depth.

Hard Copy plans and specifications may be obtained from the V3 Companies of Canada Ltd. or Lac La Biche County office **by request only** after Tuesday December 5, 2023. Tender documents will be available on BuildWorks Canada, alternatively digital copies of the plans and specifications can be obtained from Adam Boyko (aboyko@v3co.ca).

Tenders must be accompanied by a Certified Cheque or Bid Bond in the amount of Ten Percent (10%) of the Tender Price, made payable to the Lac La Biche County.

Tenderers shall include all qualification, scheduling, and methodology documentation described within the Instructions to Tender in order to be compliant.

A Performance Guarantee and Maintenance Bond in an amount equal to Fifty Percent (50%) of the Contract Sum and a Labour & Materials Payment Bond in an amount equal to Fifty Percent (50%) of the Contract Sum shall be required from the successful bidder.

The lowest or any tender will not necessarily be accepted. It is the responsibility of the Tenderer to check for any Addenda for this project on Alberta Purchasing Connection (APC) prior to the close of the tender period. Addenda documents will be available for download on Buildworks Canada.

**Inquiries regarding this project shall be made prior to 2:00pm, on December 13, 2023. For project inquiries and to request hard copies of tender documents, contact:**
