

# What To Feed Your Green Cone

## YES!

- Meat
- Bones
- Bread
- Fruit
- Dairy Products
- Food Scraps
- Egg Shells
- Tea Bags
- Coffee Grounds
- Small amounts of animal excrement

## NO!

- Metal, Wood, Plastic
- Glass, Paper, Straw
- Bulk Oil
- Disinfectant, Bleach
- Grass/Hedge Clippings
- Large amounts of coarse vegetable matter\*

*\*Corn husks, pea shells, etc. are digestible but will fill up your cone quickly. Place these in your compost if possible.*
