

# LAC LA BICHE MAIN STREET REVITALIZATION

## TRAFFIC DETOUR NOTICE

Hi Neighbour,

Please be advised that GS Construction will be carrying out FAC/CCC deficiency repairs on and around 101 Avenue starting **May 25, 2026, to June 5, 2026.**

The work will consist of three separate spot repairs, requiring either full road closures or lane closures in select areas to maximize construction efficiency and ensure the safety of both the public and our field crews. The spots will be closed for the following approximate durations, weather dependent:

- Spot 1: May 25 - May 28, 2026
- Spot 2: May 29 - June 1, 2026
- Spot 3: June 2 - June 5, 2026

Construction activities may include localized excavation, gravel placement, asphalt restoration, and general surface repairs. Residents, businesses, and motorists may experience minor traffic disruptions and temporary access restrictions while the work is underway.

We appreciate your patience and cooperation as we complete these repairs safely and efficiently.

If you have any questions or concerns, please contact GS Construction using the information on the right.

Sincerely,

**For questions or concerns regarding construction:**
