LAC LA BICHE COUNTY PROCEDURE

TITLE: PERMIT TO CUT HAY ON RIGHT OF WAY

PROCEDURE NO: PI-30-008

SPECIAL NOTES/CROSS REFERENCE: PI-63-002 and
Policy PI-30-008

AMENDMENT DATE: MARCH 14, 2017

PROCEDURE:

1. Lac La Biche ratepayers will complete and sign Schedule A “Permit to Cut Hay on Road Right of Way” provided by the Environmental Services department and forward to the Agriculture and Environmental Operations Coordinator or his/her designate for approval.
2. The permit shall define the roadway to be mowed, limits of mowing, address and phone number of the ratepayer.
3. The Agriculture and Environmental Operations Coordinator or his/her designate will review the permit and determine the date at which time hay cutting will be completed and the date for renewal for the following year. The Manager of Environmental Services or his/her designate will provide final approval of the permit.

SCHEDULE "A"

PERMIT TO CUT HAY ON ROADWAY RIGHT-OF-WAY

Permission is hereby given to _____ of _____,

_____ Phone No. _____ to cut hay on the right-of-way of
Road No. _____ from _____ to _____ on _____ of the said road
for the 20__ season.

The holder of this permit is the owner or lessee of the following lands: _____

The following relations apply to all permits issues:

1. Cutting hay on the roadway rights-of-way is not to be carried out by any one before obtaining a permit to do so from the Lac La Biche County Office.
2. Applications for a permit to cut hay along the Lac La Biche County Road system will only be accepted up to and including August 1. Preference will be given to the adjacent landowner, other applications will be handled on a "first come, first serve" basis.
3. Anyone cutting hay under permit must cut all of the right-of-way from the shoulder of the highway to the fence line in the area under permit, unless this is not reasonably possible due to brush or wet soft ground.
4. Haying operations must be completed prior to September 1 or this permit becomes invalid. The area will then be cut by the County mower.
5. No permit holder will have the right to sub-let or sell the right to cut hay under a permit. No fee shall be charged for this permit.
6. Lac La Biche County retains its right of entry and control including the right and privilege or cutting or spraying any portion of the right-of-way for the purpose of weed control, roadway beautification, or for any other purpose at any time in the areas for which this permit has been issued.
7. The permit holder must carry out haying operations in such a manner that no hazards to roadway traffic will exist due to the operations. In consideration of the granting of this permit, the permit holder hereby indemnifies and saves harmless Lac La Biche County from any claims arising out of his operations.
8. The bales must be placed as far from the roadway driving surface as reasonably possible. As bales produce a potential hazard to vehicles leaving the roadway surface, it is essential that all bales be removed from the rights-of-ways as quickly as possible after baling. Under no circumstances will

bales be allowed to remain on the right-of-way longer than two weeks after baling. If large round bales are made they shall be removed from the right-of-way within two days of baling.

9. It is the responsibility of the permit holder to check if concerned with the Agriculture and Environmental Operations Coordinator and adjoining farmers to see if the area has been treated with Herbicides or Pesticides.
